The Australian Geography Teachers Association (AGTA) has developed a series of three ' Geography Unlocked ' texts to support the teaching of geography in Australian schools. Geography Skills Unlocked , (published 2016 & reprinted 2019); Geography Literacy Unlocked (published 2017) and Geography Fieldwork Unlocked (published 2019). GAWA is the WA distributor for these texts.			
Geography Fieldwork Unlocked – suitable for years 7 to 12 Publisher: Australian Geography Teachers Association This text has been developed to assist teachers to implement inquiry-based fieldwork into their teaching/learning programs. GAWA considers this to be an important <u>teacher reference text</u> for HaSS and senior geography teachers in WA. Key features: The text is divided into three sections: Section 1 includes the role of fieldwork in geography; the nature of geographical research; the research action plan and tools & skills used when undertaking fieldwork. Section 2 includes eight innovative fieldwork activities for Years K-6, organized by curriculum topic, while Section 3 showcases 25 fieldwork activities.	ISBN 978-0-9945677-2-7 \$59.95 (No Discount) [Published by AGTA] RRP = \$59.95	-----	-----
Geography Literacy Unlocked – suitable for years 7 to 12 Publisher: Australian Geography Teachers Association This textbook has been developed for secondary geography students seeking to improve their geography literacy skills. It includes a focus on written, visual and oral literacy. Key features: <ul style="list-style-type: none">An engaging, easy-to-navigate design and a student-friendly approach.A focus on effective written communication — spelling, punctuation, tense, etc.Descriptions of the principal text types used in geography, with annotated examples.Guidance for writers in quoting, paraphrasing, summarising and referencing.A focus on the responsible use of social media.A comprehensive coverage of the principal forms of visual and oral texts students use.Templates or scaffolds to support interpretative skills students are expected to know.	ISBN 9780994567710 \$29.95 (No Discount) [Published by AGTA] RRP = \$29.95	-----	-----

Geography Skills Unlocked – suitable for years 7 to 12

Publisher: Australian Geography Teachers Association

This textbook has been developed to assist students in mastering the inquiry and skills-based requirements of the geography curriculum. This text not only covers 'traditional' geography skills; it introduces students to the emerging skills & techniques made possible by information & communications technology (ICT).

Key Features:

- * Major geography skills textbook used throughout Australia.
- * step-by-step explanations, descriptions and worked examples.
- * A focus on emerging technologies used to analyse and present geographical data.
- * Stimulus material includes diagrams, graphs, maps, photos & remote sensing images.
- * Examples drawn from each Australian state & with additional international material.
- * *GeoSkills* & *GeoInquiry* activities that scaffold student learning.
- * Key terms explained in embedded glossary boxes.
